MONITORING

We use wired IEM. If venue provides the option for wireless, lead voc takes wireless.

2x Mono (voc & drs)

2x Stereo (gtr & bass)

Band must be informed beforehand if monitoring can't be arranged as said.

HARDWARE & PA

PA & Lights – Must be ready for using when the band arrives.

Cables exc. – Venue must provide cables, power and other discussed technical needs of the band.

We'll cover the rest. Please feel free to contact us!
